HAWTHORN

Grant provides vital support

A \$50,000 government grant awarded to a Hawthorn-based statewide support group is helping people in regional Victoria.

Crohn's and Colitis Australia (CCA) received the Health Condition Support Grant to establish regional Victorian volunteer teams to assist people with Inflammatory Bowel Disease (IBD).

Chief executive Francesca Manglaviti said: "The grant has allowed us to provide education and support that is desperately needed in regional Victoria and we can see what work is needed."

Hawthorn state Liberal MP Ted Baillieu visited CCA in mid-December to be updated on the program.

Ted Baillieu, with Crohn's and Colitis Australia chief executive Francesca Manglaviti and Support Group Facilitator Mark Panettieri.
